ELLIOT INSTITUTE

The Trustees of Elliot Institute hereby present their annual report for the season 1925-1926.

For the present season two entertainments have been arranged.

The first "An Evening of Magic" was presented to a large and appreciative audience.

The second will come in March, "The Smith-Spring-Holmes Orchestral Quintet."

You may note that the number of entertainments is fewer than in the past years. In the beginning of our plans the first entertainments were arranged before the first installment of interest became due. This has meant the forwarding of money each season. In short we have been six months ahead of our income. By curtailing this year we shall hereafter have the full amount of our income available each year without any inconvenience. A larger sum will now be available for the next year's course.

Your trustees desire to administer this fund in such a manner as to help the best interests of the community life. Again we urge the frankest expression of any suggestion for making this "Institute" of the greatest help to our town life.

ALBERT W. HOWES,
FRANCIS R. PARKER,
WALTER R. PORTER,
Trustees Elliot Institute.

REPORT OF SUPERINTENDENT OF SCHOOLS

Members of the Fitzwilliam School Board:

I herewith submit to you my eighth annual report as Superintendent of Schools, the twenty-sixth in the series under union supervision.

There were fewer changes in our teaching force at the close of the last school year than during the two preceding years. We are fortunate in retaining the services of Principal George H. Wetmore of the Junior High School, Miss Blodgett at Number Ten, Miss Dunn at the Columbian Primary and Miss Bolton at State Line.

For assistant in the Junior High we secured Miss Marion D. Abbott of Rockport, Mass., a graduate of Simmons College. For the schools at the Village Miss Frances D. Nordberg, a graduate of Fitchburg Normal School was secured in the intermediate room, and Miss Harriet E. Bryer, a graduate of Keene in the primary room, and at Fitzwilliam Depot Miss Elinor Watson, also a graduate of Keene Normal School was elected to teach in the intermediate room.

The enrollment at the Junior High is 47 as against 49 last year. This school is filled nearly to capacity and the results for the first half year show this school to be doing an excellent piece of work. The recent graduates of this school who have entered Keene High School have been found to be exceptionally well fitted for their advanced work.

The work of the other schools has been very satisfactory and we are entirely justified in feeling that Fitzwilliam this year has an excellent teaching force.

The work on the new Junior High building is nearing completion, and it is hoped that during the spring vacation the present school can be moved to its new location and that the

Village schools may be moved to the rooms of the present Junior High. This will enable the Village schools to have adequate playgrounds and suitable toilet facilities, and avoid much of the inconvenience that has been endured while these schools have been housed in the town hall.

The moving of the Junior High to its new location will eliminate quite an item of expense in transportation from the Depot.

The matter of finances for the coming year is one that should be given careful consideration at this time. During the past four years there has been a deficit at the close of nearly every financial year, largely due to the fact that for the elementary schools simply the $5 tax on the equalized valuation has been raised, and the State Aid allowance has not covered the difference. This is largely due to the fact that the Junior High school as at present organized cannot be run on the salary allowance figured in State Aid. The salaries that we must pay in order to maintain an approved Junior High school are considerably higher than in an elementary school with no Domestic Arts or Manual Training departments. We believe, however, that the Junior High school has long since passed the experimental stage, and that the parents desire and demand in Fitzwilliam a school that is standard and approved in every respect.

The deficit should be wiped out by a special appropriation, and enough money raised over the $5 tax to enable the school board to carry the schools through the year and meet the items of the budget.

The State Aid allowance is budgeted and the separate items must be used as allotted, or these unused amounts are deducted from the amount granted the following year.

If these matters are thoroughly understood and appropriations voted accordingly there should be no deficit except in some year when an unforseen expense occurs.

In several of my reports I have mentioned the advantages

that other towns have secured from an active Parent-Teacher Association. During the past few months considerable publicity and much careful consideration has been given to the matter in Fitzwilliam. Finally the matter was discussed at a meeting held early in November, when representatives of the Jaffrey and Troy associations gave their views on the benefits derived from the organizations in these towns. A committee was appointed that evening to report later, and in December the initial step of completing the work was taken.

I believe that under its present leadership this association will prove a great benefit both to the parents and the teachers of this town.

I respectfully call attention to the statistical report attached showing the high percentage of attendance and the general decrease in tardy marks. Eight years ago there were 109 tardy marks in the high school with an enrollment of 32. Last year with an enrollment of 49 there were 14, and during the fall term of the present year, none. The Columbian Intermediate school also had no tardy marks during that term.

I believe this improved showing denotes a greater interest in school attendance on the part of teachers, pupils and parents than formerly existed.

In closing I desire to thank all who have co-operated in advancing the interests of our schools during the past year.

Very truly yours,

LEWIS S. RECORD,
Superintendent of Schools.

REPORT OF THE BUILDING COMMITTEE OF THE NEW JUNIOR HIGH SCHOOL HOUSE

At the yearly school meeting in March 1924 the School District voted to appoint a committee to look into the advisability of building a new school house to house the so-called Junior High School.

This committee, consisting of Francis R. Parker, Albert W. Howes and Mrs. Lolie R. Pierce, made their report at the March 1925 school meeting and while they neither approved nor condemned the building program, it was evident that the town was in a building mood and by a large majority it was voted to build a new school house on land owned by O. L. Gordon a little south of the old No. 8 school house and very near the site of the first meeting house built in Fitzwilliam.

The sum of $12,000 was raised for land and building, $1,000 to be raised by taxes and the balance to be borrowed and paid off at the rate of $1,000 yearly.

The building committee chosen was Francis R. Parker, Dr. George S. Emerson and Charles F. Pierce. Mr. Pierce declined to serve and the rest of the committee chose Mrs. Julia R. Robbins to fill the vacancy.

The sum of $12,000 was expected to be sufficient for the purpose as this sum was arrived at after consultation with an architect. Haynes and Mason of Fitchburg were chosen to draw plans and superintend construction.

After several consultations with Deputy Supt. Pringle, who all through has been very helpful to us, and also with school committees of other towns, a general layout was decided on and blue prints submitted to seven different contractors for bids, which on being opened were found to be far in excess of our appropriation.

Our lowest bid on the building alone, not including cellar and foundation or heating, lighting and plumbing was $12,000 and the highest bid was $19,709.50.

For a time it seemed as if the high cost would prevent our building until the whole thing was again laid before the town.

However, after making many changes, cutting down the width of the building and eliminating several things that did not seem absolutely necessary a plan was finally worked out that seemed to come within out means.

The main contract for building and painting inside and and out was given to Charles A. Tenney of Winchendon, Mass., for $7,973.00 and the contract for digging the cellar and putting in the concrete foundation wall to W. D. Hildreth and Son of Winchendon for $1,210.00.

The building is now nearing completion and it is hoped will be ready for occupancy early in March. All those who have had contracts or have worked on the building have seemed to take particular pride in doing their best, and the finished building will be a credit to them and to the town.

Especial credit is due Charles A. Tenney, a former Fitzwilliam boy, who has been very helpful with his valuable suggestions, has used material, in many cases, better than his contract called for and whose workmanship has been of the highest order.

We cannot tell at this time the exact total cost of the building completed, as several changes have been made in the original contracts.

The total cost however will not be far from the appropriation.

Respectfully submitted,

FRANCIS R. PARKER,
GEORGE S. EMERSON,
JULIA B. ROBBINS,
Building Committee.
